

# PROSPERITY — BANK® —

The National Automated Clearinghouse Association (NACHA), the governing body that controls rules connected to how businesses process electronic transactions, has made available “Same Day ACH.” This may affect how quickly electronic payments are withdrawn from your checking or savings account (effective September 15, 2017).

Any electronic payments you make could clear your checking or savings account on the same day you authorize the payment, including checks you issue that are processed as electronic debits. So, you should always have sufficient funds in your account to cover any payments you authorize. You can check your available balance anytime, 24 hours a day, by enrolling in Online Banking at [www.ProspersityBankUSA.com](http://www.ProspersityBankUSA.com) or through the Prosperity Bank Mobile App.
